

ECCK CFO Forum: Recent Transfer Pricing Audit Trend in Korea

EVENT OUTLINE

In partnership with KPMG, we are pleased to invite you to the ECCK CFO Forum focusing on recent Transfer Pricing audit trend in Korea. The session will cover actual TP audit cases, and insight into how foreign-invested companies in Korea have to manage their TP matters from local perspective in the era of COVID 19 pandemic.

A dedicated TP expert of KPMG will lead the discussion and provide guidance on how companies should deal with the current TP environment. The session is designed for both newly arrived CFOs as well as experienced CFOs to learn about both fundamentals and actual cases of the TP trend.

SPEAKER PROFILE

Tai-Joon Kim
Tax Partner
Transfer Pricing

Tai-Joon Kim is a transfer pricing partner of the Global Transfer Pricing Services at KPMG Korea. He specializes in assisting multinational companies with a broad spectrum of transfer pricing matters, including BEPS documentation, transfer pricing planning, transfer pricing risk analysis, tax audit defense, valuation of intangible properties, and APA/MAP.

Tai-Joon has over 17 years of experience providing professional transfer pricing assistance to foreign-invested firms and multinational corporations in a wide range of industries, including automotive, auto parts, electronics, oil, confectionery, semi-conductor, chemical, textile, heavy, pharmaceutical, shoe, and financial industries. With his in-depth knowledge and respectable experience in transfer pricing management, one of Tai-Joon's key strengths is the ability to provide critical guidance to clients and address complex transfer pricing issues that multinational corporations come across during business operation.

Prior to joining KPMG Korea, Tai-Joon worked with PwC and Deloitte Korea as a transfer pricing specialist serving numerous multinational corporations.
