

Business seminar on Corporate strategies of EU corporate sustainability due diligence

□ Background & Key Objectives

- On February 23, 2022, the European Commission unveiled a proposal for a directive on corporate sustainability due diligence¹⁾
- In response to the aforementioned directive, the Korean Government initiated a pilot project and consulting services for the private sector under the potential influence over the directive.
- aims to examine the details of the EU corporate sustainability due diligence and cases of the business sector, and discuss the next step for companies' response to the newly established regulation.
